

Aerostar Allergen and Pet Dander 12x24x1 MERV 11 Pleated Air Filter Made in the USA 6 Pack Review-2021

[Read Customer Reviews](#)

CHECK YOUR FIT - Nominal size: 12x24x1; Actual Size 11 3/4" x 23 3/4" x 3/4"; This MERV 11 filter is comparable with MPR 1000-1200 & FPR 7.

SUPERIOR FILTRATION EFFICIENCY - Aerostar filters are made with electrostatically charged synthetic material that draws and captures allergens including lint, dust mites, mold spores, pollen, pet dander, and dust.

IMPROVE INDOOR AIR QUALITY - Protect your family and loved ones with clean indoor air quality at home. Aerostar filters are a simple to install and cost-effective step towards a healthier home environment, free of airborne allergens and particles that can trigger various allergy and asthma symptoms.

HIGH PERFORMING - 100% synthetic electrostatic media for high efficiency with low air flow resistance. For best results, change your filters every 60 to 90 days during normal times of year but increase frequency to 30 days during peak summer and winter months when your unit is working the hardest.

MADE IN THE USA - Aerostar filters are manufactured in the USA by Filtration Group, a world-leading manufacturer and supplier of filtration solutions for residential, commercial and industrial applications. Suitable For Families and Pets.

Merv 11

For superior air filtration and efficiency, our micro allergen filter offers a solution for the entire family... and even pet owners! Create a cleaner, healthier environment for your family by capturing unwanted particles and allergens from your home's air.

Aerostar

Our approach is simple, make quality products at accessible prices. We believe clean, healthy indoor air is a must in every home or place of business but it shouldn't come at a premium cost.
