[Read Customer Reviews](#)

Rubber sole

**RAPID DRY WITH DRAINAGE** - These quick dry water shoes for men include an Integrated Drainage System (IDS) to allow water and air to move freely

**EASY ON** - water shoe with a mesh and neoprene upper and adjustable shocklace allows for an easier entry while maintaining a snug fit.

**DURABLE and GRIPPY and LIGHTWEIGHT** water shoes feature a rubber outsole offers protection and comfort making this a perfect swimming shoe, beach shoe, or outdoor mens water shoes

**VERSATILE** - The perfect shoe to go from kayaking, swimming, hiking to kicking back with friends

**AMPHIBIOUS DESIGN** - More than a water shoe, outdoor sneaker. Feature the performance and functionality of a water shoe with the styling of an athletic shoe.**PERFORMANCE WATER SHOE IN STYLE**

Body Glove's Dynamo series includes styles that are feature rich performance water shoes with the styling of an athletic shoes.

**GREAT FIT, GREAT FEEL**

The Dynamo Series features reduced sole heights to create the natural balance and grip of being barefoot while still providing protection from the elements. The lower profile outsole allows footwear to be worn in restrictive spaces, like in a kayak and the ergonomic design reinforces natural stability and body posture.

**GO WITH THE FLOW**

The Integrated Drainage System (IDS) allows water to flow from the upper through the outsole and improves air circulation out of the water.
