

BONAOK Karaoke Microphone Bluetooth Wireless, Portable Karaoke Machine Mic Speaker for Kids and Adults Home Party Birthday (Rose Gold Plus) Review-2021

PARTICULAR DESIGN - The excellent design of our karaoke wireless microphone is very suitable for your hand, which can make you feel more comfortable. And the built-in high-quality Bluetooth module can be used as speaker, player and Recorder, compatible with various singing applications **TWO WAYS CONNECTION**— Bluetooth Connection & Cable Connection. You just need to connect your phone with cable or Bluetooth, and then open the singing APP on your phone. The built-in clearly audio and vividly sound effect can make you listening and singing anytime and anywhere.

HIGH COMPATIBILITY— Supporting micro SD card max 32GB(NOT INCLUDED) and song switch. The Bluetooth has a great distance of connection(10m)

EASY TO USE— Multi-function buttons, easy to switch to different model, adjust volume, sing and play music. With echo model,our karaoke wireless microphone can bring a surrounding immersion.

And the USB port allows you to plug USB, turn this magic piece to MP3, and play it directly **BONAOK Rechargeable Battery**— 2600mAh rechargeable multi-protect lithium battery(18650) ensures a longer sing time. Quicker charging, long-time lasting.Louder and Powerful Sound The Speakers in the microphone that is good quality and sound. And the sound quality is improved by 30% with the Update Bass Diaphragm Cavity, which gives you the stronger shock and heavier sense and makes you feel like you're singing in a KTV.

BONAOK Karaoke Wireless Microphone has three layers of filter head, which can greatly reduce the noise produced when singing.

And it uses denoising technology that filters air flow and wind noise effectively, allowing you to always sing with perfect clarity

Two Way Connection

Bluetooth Mode(sing with microphone)

1. Turn on microphone, a blue light will come on and a sound will indicate that Bluetooth function is ready for use.
2. Search Bluetooth ID Q37 on mobile phone/ tablet/ pc and connect.
3. Open any Karaoke APP or select music file from your device music player, and adjust your device accordingly.
4. Adjust Q37's volume, echo,Music and Mode.
5. Sing Along

Note: If you want Q37 as a Bluetooth speaker, turn off Q37's echo and volume. Bluetooth have memory function, when mobile phone is restarted, it can be connected automatically.

Wired Mode(singing recording same time function)

1. Download any karaoke APP/software on your mobile phone
2. Turn on Q37
3. Connect Q37 and mobile phone
4. Open karaoke APP to choose songs and singing
5. Record the song as per the instructions on the karaoke APP

Note: Bluetooth function must be disconnected

Professional Mixer

It allows you to switch freely so that you can choose any mode you want and then enjoy yourself

How to pair the mic to a TV

1. For Smart TV: Pair the mic to the TV through Bluetooth, turn on a karaoke app, adjust the volume on the mic and TV, sing and the voice can come from the mic speaker.
2. For any TV: Use the AUX cable and a TV adapter to connect the mic to the TV. Choose songs to play, and you'll hear the voice coming from the mic speaker.

(Note: Your voice and the TV music will come out from microphone speaker when connect to TV)
