

Bosch GLM 20 Blaze 65' Laser Distance Measure Review-2021

Accuracy: Features long range measuring with extreme accuracy and measures distances up to 65 feet to within 1/8 inch. Measures in meters, feet/inches, or inches only

Easy to use: Simple, one button operation press button once to begin measuring. The GLM 20 is small enough to fit in any pocket

Live measuring: Provides default real time measurement that adjusts as you move closer and farther from target, just like a tape measure

Display: Features a backlit display that allows measurements to be easily read, even in dark areas

Class IIA laser product, <1mw power output

Precision: The GLM 20's Bosch laser technology allows users to be more productive with greater jobsite accuracy and precision

Real-Time Measuring at 65-Foot Measuring Accuracy

Real-time measurement mode lets you walk-off measurements from the wall and other surfaces.

Versatility

Fits comfortably in hand and easily in pocket.

One Button Operation

The laser measure is simple to operate. Press one button to get accurate measurements within 1/8 in.

Work Faster

This allows one person to size up the job in seconds.
