[Read Customer Reviews](#)

SET OF 2: This set includes two 9" turntables with non-skid liners.

NON-SKID SURFACE: Never worry about your items falling off; the non-skid surface on turntables is molded into the platforms for durability-easy to clean.

RIMMED EDGE: The outer rim prevents items from falling off, non-skid surface keeps items in place while rotating.

REVOLVING STORAGE: This pantry lazy Susan is glides easily; revolving storage space maximizes cabinet space and keeps the kitchen organized and tidy.

EASY TO CLEAN: Wipe the surface clean with a damp cloth.

Storage Solutions
With a history that spans over 40 years, Copco has taken its experience and knowledge of creating functional yet stylish teakettles and has grown and evolved into kitchen storage and organization, thermal mugs and carafes, barware, and food preparation. Although ever-changing in product offerings, Copco remains constant in providing products that are trend-correct in color and style while incorporating the latest technologies to provide the highest quality products.

With these fundamentals, the Copco brand represents the true meaning of style, design and function.

Turntables

Putting a new spin on organization, Copco's array of convenient and useful Turntables provides organized, easy-access to hard-to-reach items. Turntables are outfitted with a Non-Skid liner, ensuring that items stay in place while spinning. They can be used in a variety of spaces, including on countertops, in cabinets, in the refrigerator or under the sink. Available many versatile sizes.

Tiered Organizers

Create more space within any cluttered area of the house with Copco's Tiered Organizers; available with 2- and 3-tiers. Each shelf measure ¾-inch deep, which makes them perfect for storing a variety of items, including cosmetics, craft supplies, spices – the possibilities are endless! Finished with Non-skid liners so items will stay neatly in place.

Coffee Cab

The Copco Rolling Coffee Cab is designed to make accessing and storing small appliances easier. The lock and release mechanism allows the Cab to roll forward while the appliance is in use and roll back underneath cabinets when not. Sized to fit most small appliances, like coffee makers, toasters and blenders.
