

ORFELD Cordless Vacuum, 18000pa Stick Vacuum 4 in 1, Up to 50 Minutes Runtime, with Dual Digital Motor for Deep Clean Whole House Review-2021

[Read Customer Reviews](#)

ORFELD Team provide 1 year warranty and 7*24h customer service.

Powerful Suction: 18000pa Hurricane suction almost reaches the suction of a traditional canister vacuum. Eliminates dirt, debris, pet hair, and tough messes with ease. Leaves no dirt behind.

50Mins Runtime: Premium Japanese Battery provides 50 minutes runtime in standard mode(8 kpa), ensures thorough one-time cleaning of 1937.50 sq. ft house.

Ultra-Lightweight: The Main Body weight less than 4 bottles of 330ml cola, User-friendly for most ages. It can be used for people with some back problems, extremely suitable for long-term one hand cleaning.

Excellent Filter System: T10 filter system uses a stainless steel filter, filter holes precision and small. Service life is twice than traditional filtration system, It provides the ultimate purified air and excellent cleaning experience for every user. HEPA is washable and recyclable.

Cost-effective Vacuum: It must be a great gift for your family or friends who have pets or naughty kids. ORFELD EV679 Cordless Vacuum Cleaner - Designed for Homes with Pets, Rechargeable, Lightweight, 18000pa Storm Suction, 50mins Runtime.

Clean wood floors thoroughly with this ORFELD EV679 cordless vacuum. The fluffy cleanerhead has extra-soft bristles that prevents scratches, and the ORFELD EV679 gives you up to 50 minutes of runtime (varies based on attachment / power mode). Includes bonus mini tool for extra cleaning power on hard-to-reach areas.

No Hidden Dust

Equipped with a 2020 upgraded 3.0 brushless motor, the EV679 cordless vacuum can produce a 18000 Pa powerful suction in max, which easily picks up pets hair, dirt and fine dust from hard floors and carpets.

2 Power Modes

The right power when you need it. Two modes to choose from, to suit any task on any floor type. Normal Mode: 8000Pa, about 40-50mins Turbo Mode: 18000Pa, about 15-18mins

Flexible LED Electric Brush

Easy to Maneuver, with swivel steering and a low profile head, you can easily clean every corner and those hard-to-reach places comfortably from any angle.

Uninterrupted 50mins Runtime

Detachable Japanese li-ion batteries provide 50 mins runtime, enjoying the cordless convenience. Once fully charged, 50 mins operation time meet you floor-to-ceiling cleaning needs.

T10 Seal Allergen System

Smart Seal Allergen System is a sealed system that helps trap 99% of the microscopic fine dust and allergens inside the vacuum. Avoid Secondary pollution.

Mess-Free Empty

Release the trapped dirt from the dustbin with one finger operated button. The whole dustbin and components inside are detachable and washable.
