Product Features

Designed for natural oral development

Our collapsible silicone nipple has a symmetrical shape that respects your baby's palate, teeth and
gums as he or she grows.

Unique design supports bonding

Soothies have a unique one-piece design that lets you place your finger in the nipple, so you can
bond with your baby by helping him or her suckle. They are also available in a cute bear shape.

Easy to sterilize for extra hygiene

Keeping your little one's Soothies and pacifiers clean is easy. Simply put them in your sterilizer or
submerge in boiling water. Review 2021, feedback 2021, promo code, discount code 2021, buy,
