

Purfectzone Bidet Sprayer for Toilet and Baby Cloth Diaper Sprayer- Easy to Install, Great Hygiene with Less Money Spent (Brushed Nickel) Review-2021

[Read Customer Reviews](#)

SUPER QUICK AND EASY INSTALLATION: this kit contains all the things you need to install the bidet sprayer in less than 10 minutes, without any professional help! Please check out our installation video (after the 6th image). Our bathroom bidet sprayer set supports two installation methods (Wall or Toilet Mount)

IT'S A GAME CHANGER! If you never used a bidet sprayer before, you'll find plenty of uses for this handheld portable sprayer. It will make the "dirty work" with cloth diapers so much easier; your family can use it as a bidet and will love how much cleaner they feel after using the bathroom. You can use it for refilling your fish tank, cleaning the toilet and cleaning hard to reach areas in your shower. It is also great for rinsing out potty chairs and much more!

FULLY ADJUSTABLE SPRAY - The pressure is adjustable depending on how far down you press the lever. You'll love how strong the jet is when the handle is pressed down completely. The second you let go of the lever, it will automatically stop spraying. You'll love that fresh clean feeling you'll have after using it!

SAVE MONEY AND SAVE THE EARTH? Yes- with this portable hand held bidet spray you don't need to use toilet paper anymore: this means you can protect the environment and save money at the same time! We promise to do everything in our power for you to be 100% satisfied - if you have any questions, please contact us!

OTHER OPTIONS: For our one-piece skirted toilet option, save by buying our bundle - Visit:

<https://www.amazon.com/Purrfectzone-Bidet-Kit-Skirted-One-Piece/dp/B08BPGFYM3> For our longer hose bidet kit option, save by buying our bundle - Visit:

<https://www.amazon.com/Purrfectzone-Bidet-inch-Longer-Option/dp/B08BNCRVVT> Adjustable water pressure

The pressure is adjustable depending on how far down you press the lever. It's very easy to control the pressure and get just the right amount - jet spray or soft spray. The second you let go of the lever, it stops spraying.

High quality stainless steel - easy to clean

The sprayer head is made of SUS304 stainless steel and is rust resistant. You can easily clean it because the nozzle is detachable.

Maximum flexibility and no kink

The innovative structural design keeps our hose kink-free. It's also very flexible and sturdy, so it's really comfortable to use and will last you a very long time.

High pressure design hose

Our bidet hose is made of premium grade stainless steel and EPDM inner tube braided with hard nylon and enhanced double-lock system which helps to prevent breakage and water leakage.

Hybrid brass and nylon t valve with cone washer makes installation easy

Our innovative hybrid brass and nylon t-valve makes installing on the plastic toilet thread much easier. It comes with a cone washer making installation leakproof and smooth. It will fit under 99% of US toilets.

If you have a skirted one-piece toilet, purchase our bundle with the t-connector and water flow valve instead of this kit.

Important friendly reminder

It's important to turn off the shut-off adapter (t-valve) after each use to close the water supply to the bidet. If you choose not to turn off the valve lever after each use, you risk weakening the internal components of the sprayer head and hose due to the constant water pressure, and over time may cause flooding or water damage.

The lever is conveniently located on the t-valve adapter and only takes a moment to shut off.

Purrfectzone is not responsible for damage that is caused by failure to follow this recommendation.

Bidet Hose (48 to 98 inch) in Brushed Nickel or Chrome Finish
