ALIENGT switch dock for Nintendo Switch

Small and lightweight, foldable and practical!

2020 upgraded version of ALIENGT nintendo switch dock is lightweight and portable, the amount of ports for USB controllers and the HDMI ports for TV is the same as the original nintendo switch dock.

With the one-button display switching design, you can switch between the tabletop mode and the TV mode free and clearer. With the foldable design, easily fit into your handbag or backpack, a great backup or replacement for the original nintendo switch dock.

Foldable and portable design

Support tabletop mode & TV mode

With one-touch display switching design

Never scratch your switch screen

Multi protection for your safety

Why Choose Us?

Lightweight and Portable

With the foldable design, it fits into your handbag or backpack easily, which greatly improves the inconvenience of carrying the original nintendo switch dock for travel.

Good Heat Dissipation

The two oversized air outlets design on both sides of the switch dock, which greatly improves the problem of poor heat dissipation of the original nintendo switch dock.

Never Scratch Your Screen

When using our switch tv dock, your console sits on top instead of sliding into the original Nintendo switch base, which prevents the problem of scratching the screen.
